## Japanese Forces Ousted From Gona Area of New Guinea

### Crucial Battle For Axis Stronghold Is Ready To Explode

London, Dec. 10.—Allied forces apparently were set today to launch mighty new drives against the Axis in North Africa at any moment in both Libya and Tunisia, under formidable and ever-growing air power.

Reports by the Morocco radio that the Americans and British already had sprung anew to the attack on both sides of the Axis' narrowing last foothold on the Mediterranean's African shore apparently were premature.

Advices from Tunisia, however, indicated that the Allies there no longer were hampered by the pinch for air support and that the crucial battle for the last 20 miles, the approaches to Bizerte and Tunis, might explode at any moment.

### RUSSIAN SKI TROOPS HELP PURSUE NAZIS

German Communication Centers on Central Front Penetrated By Red Army

### RESERVES THROWN IN

By EDDY GILMORE

Moscow, Dec. 10.—(P)—Red army ski troops, supported by lumbering tanks painted white to blend with the snow struck at German communications in sectors of the central front, while in the areas near Stalingrad the Russians continued their winter offensive, which entered its fourth week today.

The German communication said that Russian forces had broken into German lines, between the Volga and Don rivers, but declared they had been surrounded and wiped out.

In the Velikie Luki area, far west of Moscow, the Germans were reported to have thrown a regiment of infantry, with the support of several dozen tanks, against Soviet forces which had cut a highway.

Dispatches from the front said that the Russians repulsed several counter-attacks and threw their ski troops into the fray. Artillery and trench mortars were used to pound the enemy into retreat and then the Germans were driven from a nearby settlement.

Red Star, the Soviet army newspaper, reported that in a battle west of Rzhev the Germans fled in disorder for the protection of a forest when the Russian troops breached their defenses. Soviet ski troops pursued the enemy, mowing many down before they reached cover, Red Star said.

Reinforcements brought in by the Germans on the central front were declared by Red Star to be generally middle-aged men, some of whom had been trained for only 10 to 15 days before they reached the front.

### R.A.F. Renews Turin Assault

London, Dec. 10.—(P)—Striking with even greater power than the previous night, a strong force of Royal Air Force bombers hurled another mass of explosives last night upon mangled Turin, apparently striving to deal the death stroke to the once great Italian industrial city on the River Po.

(The Italian high command said that Turin was subjected to another heavy air raid last night, adding that "on the whole damage was great.")

Turin, royal arsenal city, had been heaped with destruction and fire only the night before and the return last night for the sixth raid in less than a month testified to the RAF's determination to smash Italian industry in one phase of the effort to knock Italy from the war.

Observers on the southeast coast said the planes streamed across the English channel for 90 minutes last night and were subjected to heavy anti-aircraft fire from German batteries on the French coast upon their return this morning from the roundtrip crossing of the Alps.

### 18-YEAR-OLDS WILL START REGISTERING FRIDAY

REQUEST OF PRESIDENT IS PIGEONHOLED

Proposal for Broad War-time Authority to Suspend Tariff Laws Is Not Reported

MAY NOT BE REVIVED

Washington, Dec. 10.—(P)—The house ways and means committee today formally pigeonholed President Roosevelt's request for broad wartime authority to suspend tariff laws and regulations.

The action came after several members of the committee conferred with House Speaker Rayburn (D-Tex.). Chairman Doughton (D-Mo) reported that the committee had decided that there was "no reasonable possibility" that the bill could be enacted before the 77th congress expires on January 9.

Doughton declared that even if the committee had reported the bill, it was unlikely that the house could muster a quorum for its consideration, and that in any event, the legislation would then have to be considered by the senate.

The committee's unanimous action came on a motion by Rep. Cooper (D-Tenn.) to postpone further consideration of the bill indefinitely.

Asked if the bill was now "dead," Doughton declared: "I would say rather that it has passed over without prejudice for the new congress to consider if it wants to."

However, some other members of the committee expressed belief that the committee's action spelled permanent defeat of the measure in its present form.

There had been considerable opposition to the measure, especially on the grounds it would grant the president broad powers which opponents said should be limited by specific legislative definition.

Originally the proposal, requested by Mr. Roosevelt in a special message to congress, also included powers to suspend immigration.

### PUC Holds Up Penn Electric Merger Plans

NORTH CAROLINA IS RATIONING LIQUOR

Raleigh, N. C., Dec. 10.—(P)—Rationing of liquor began in North Carolina today under a coupon system similar to federal rationing of other commodities.

Consumers may buy one quart before December 15 and two quarts in the period December 15-31. Two quarts may be bought January 1-15 and two more January 15-31. After February 1 the ration will be one pint a week.

Chairman Carl Williamson of the state board said a decrease in available supplies necessitated the rationing.

Harrisburg, Dec. 10.—(P)—The Public Utility Commission today gave opponents to a proposed merger of the Pennsylvania Electric Company of Johnstown and the Keystone Public Service Company of Oil City ten days to decide whether they wish to cross-examine witnesses in the case.

Examiner Charles F. Bidel-packer allowed the extension after counsel for 15 large consumers in Oil City protested they had been given insufficient time to examine answers to a question.

London, Dec. 10.—(P)—While Prime Minister Churchill was explaining Britain's attitude toward Admiral Darlan in a secret session of the house of commons, General Charles De Gaulle obliquely suggested that the former Vichy collaborator be dropped "as quickly as possible."

The leader of the fighting French made his point in this question which he asked during a speech to the Anglo-American Press Association of Paris: "If it happens that for a brief instant some obstacle leads a state to make some slight detour from her path don't you think it essential that that state should abandon the detour as quickly as possible or risk permeating her effort with great moral anxiety?"

### Seven Found Guilty Of Hoarding Coffee

New York, Dec. 10.—(P)—In the first trials of their kind in the nation, seven New York restaurants were convicted yesterday by an Office of Price Administration examiner of failure to declare coffee stocks properly in recent rationing registration.

The aggregate of coffee undeclared was 2,647 pounds and at one place investigators found 1,037 pounds undeclared, the OPA said.

If the trial examiner's findings are upheld in Washington, the offending restaurants may be penalized by loss of suspension of their right to buy any rationed commodities.

### Supply Depot Accusations Unwarranted

Harrisburg, Dec. 10.—(P)—A federal grand jury today reported it had found "wholly unwarranted and without any basis in fact," charges by U. S. Commissioner Sidney E. Friedman that government agents were "hamstringing" in their investigation of charges of fraud and bribery at the Mechanicsburg naval supply depot.

The grand jury, in a presentment to Judge Albert L. Watson, coupled its findings with a recommendation that "persons holding positions of public trust should be held fully accountable for irresponsible and unwarranted accusations that tend to disrupt and destroy national unity and to impair the confidence of the people in the impartial administration of justice."

Friedman made his charge that the investigation was being hampered last week in a newspaper interview in which he said there was "a solid basis in fact" in reports that "wholesale theft, bribery and embezzlement" in construction of the \$40,000,000 naval supply base resulted in a shortage of over \$1,000,000 in equipment and material.

### Darlan Scored By De Gaulle

London, Dec. 10.—(P)—While Prime Minister Churchill was explaining Britain's attitude toward Admiral Darlan in a secret session of the house of commons, General Charles De Gaulle obliquely suggested that the former Vichy collaborator be dropped "as quickly as possible."

The leader of the fighting French made his point in this question which he asked during a speech to the Anglo-American Press Association of Paris: "If it happens that for a brief instant some obstacle leads a state to make some slight detour from her path don't you think it essential that that state should abandon the detour as quickly as possible or risk permeating her effort with great moral anxiety?"

The secret session followed several days of criticism in and out of parliament of the designation of Darlan as high commissioner in French Africa, a role which has been described by President Roosevelt as a temporary military expedient.

### HALF MILLION YOUTHS WILL BE ENROLLED

Order in Which Boys Will Be Classified For Induction To Be Determined By Birth Dates

SCHEDULE OF PERIODS

Washington, Dec. 10.—(P)—Youths who have become 18 since last June 30 start registering tomorrow for induction into the armed forces.

Selective service estimates there are more than a half-million in this age group, but many of them already have enlisted.

The schedule, calling for three one-week registration periods for youths grouped by their birth dates:

December 11 to 17, inclusive—Those born on or after July 1, 1924, but not after August 31, 1924.

December 18 to 24, inclusive—Those born on or after Sept. 1, 1924, but not after Oct. 31, 1924.

December 25 to 31, inclusive—Those born on or after Nov. 1, 1924, but not after Dec. 31, 1924.

Inductions of youths of these ages were expected to vary to some extent depending upon pre-inductions made by local boards to meet draft calls with older men and also on how rapidly the boards can classify the younger group for service.

The war department, meantime, announced that the order suspending voluntary enlistment will not interfere with the army's volunteer officer candidate program.

However, men who have passed their 38th birthday will not be accepted as candidates although those who had been ordered by Dec. 5 to report for induction will be taken for training.

The order in which 18-year-old youths will be classified for induction will be determined by their birth dates with the oldest coming first.

Those traveling during their registration period will register with their draft board in the place where they happen to be, but their cards will be forwarded to their home boards, which will include the registrants in their quotas and have permanent jurisdiction over them.

Those having more than one place of residence will register wherever they are at the time, but may choose between their residences for purpose of assignment to a local board.

Youths who become 18 after Dec. 31 must register on their birth dates. This group is expected to average about 100,000 a month.

### BULLS BULLISH IN CHICAGO STOCKYARDS

Chicago, Dec. 10.—(P)—Bulls were bullish at the Chicago stockyards yesterday as prices were bid up to \$13 a hundred pounds, the highest on records that date back to civil war days.

The demand for bulls, which supply canned meat for lend-lease buying agencies, featured cattle trading and prices were up 10 to 15 cents.

With some sausage plants almost forced out of business by the meat scarcity, the animals suitable for processing as sausage sold under lively competition.

Winter Makes Hasty Exit in Pennsylvania

By the Associated Press  
Winter weather made a hasty exit from Pennsylvania today as rising temperatures erased the heavy snowfall reported throughout the state yesterday.

The mercury ranged in the 20's during the night, then swung upward, with the possibility of rain in some areas later today or tonight.

### All Urged To Help Alias Santa Claus Fill His Pack

Announcement made yesterday that Alias Santa Claus will again unpack good cheer for some unfortunate in Warren, found the good folk of the county ready to help. Each year at the Yule season old Alias Santa appeals to the people of the county for aid in filling his pack with happiness and hopefulness for the needy folk of the county and each year the response is gracious and generous.

It is to be hoped that this year the response will be especially bountiful as the need is great. There are plenty of places where a little sunshine can be let into some lonely life by a small expenditure and especially at the Christmas season Alias Santa can do a world of good.

So in this season of good cheer let the Alias Santa Claus Club have a liberal gift. If you send a check just mail it to "Alias Santa Claus, Times-Mirror" and if you desire to make a cash donation just stop in at The Times-Mirror office and leave the gift.

It will bring to you a glow of satisfaction to know that you have aided someone to have a Merry Christmas and have become a member of that legion of kind hearted folk who cooperate with Alias Santa Claus.

And do it now.

### No More Certificates For New Typewriters

Philadelphia, Dec. 10.—(P)—R. F. Ashenfelter, state director of the Office of Price Administration, said today local rationing boards have been instructed to accept no more certificates for the purchase of typewriters.

This restriction is necessary, he said, because of the need of typewriters for the armed forces and governmental agencies. The armed forces alone will need one out of every five standard typewriters manufactured since 1934, he explained.

### Short Session Aim of Both Party Leaders

Republican Majority Chief Invites Democratic Cooperation

FISS WILL BE SPEAKER

Harrisburg, Dec. 10.—(P)—Cooperation between Republicans and Democrats for a short session of the 1943 legislature, was sought today by Rep. Ira T. Fiss, of Snyder county, slated by the Republican majority for speaker of the house.

"All members of the house must work together regardless of party affiliation to bring the session to a quick end and use all our efforts to the war program," Fiss asserted yesterday after the Republican representatives picked him to preside over the house at the session opening January 5.

Democratic minority members of the house and senate will meet here later this month to plan their program for the session and to select floor leaders. Senator B. B. McGinnis, of Allegheny, probably will be picked for another term as floor leader of that branch.

Rep. Albert S. Reading, of Berks, has been mentioned for the same post in the house.

The Republican representatives, endorsing the plan of Governor-elect Edward Martin for a brief session "so we can get along with the war program," proposed April (Turn to Page Eight)

### Philippines Still Resist

New York, Dec. 10.—(P)—The Vichy radio broadcast today a dispatch datelined Tokyo reporting that certain of the Philippine Islands still were "held by American" and that Japanese marines had been landed there to end resistance.

The dispatch said Japanese naval headquarters had announced this action, adding that "violent fighting is now in progress."

The Berlin radio, in a broadcast recorded in London, also said Japanese forces had been landed on islands where Americans were still resisting and added that "in fierce fighting the Americans gradually are being forced to surrender."

Only last week the Tokyo radio admitted American and Filipino resistance had continued long after the fall of Batavia and Corregidor, but asserted that it was being cleaned up.

Tokyo broadcasts heard in New York today did not mention the landings reported by Vichy and Berlin.

### YANKS MAKE PROGRESS IN BUNA SECTOR

Enemy Loses Northern Anchor of Stubbornly-Defended and Narrowing Beachhead in Papua

BITTER FIGHTING RAGES

Melbourne, Dec. 10.—(P)—Complete occupation of the Gona area of New Guinea by Allied forces directed in the field by General Douglas MacArthur himself was announced today.

The Japanese thus lost the northern anchor of their stubbornly-defended but ever-narrowing beachhead in Papua, a foothold already cut into segments by Australian and American jungle fighters.

Official reports showed that American forces striking at the lower end of the salient were making progress against defenses of the Buna village sector and a Japanese airfield.

Bitter fighting raged for possession of the airfield, advances from the front said. Allied detachments were entrenched in two places at one end of the landing strip and Japanese held the other. U. S. and Australian air forces cooperated in heavy machine-gunning and bombing attacks upon the enemy positions.

The narrow zone between the air field and the sea coast was battered with Allied explosives yesterday.

Prime Minister John Curtin made the first announcement of the Gona conquest in the midst of a war review before the house of representatives in Canberra, the federal capital.

His victory news came 16 days after an Allied headquarters communique had announced the original Australian resistance put up by the Japanese.

Expressing gratitude to the United States for the work of American forces in the Solomons, the prime minister said the enemy was still powerful in that area and could be expected to try again, despite heavy losses.

Gona's fall left the Japanese pinned down in a narrow strip of coast centering on the Buna area, some 12 miles to the south.

The Japanese first landed at Gona on July 22 and then the Gona-Buna beachhead started their invasion drive which carried across the Owen Stanley mountain.

### Reporter May Head Bureau

BY OVID A. MARTIN

Washington, Dec. 10.—(P)—A former newspaperman once assigned to report the activities of the agriculture department may become food distribution chief under Secretary Wickard's new wartime food program.

He is 39-year-old Roy F. Hendrickson, now administrator of the department's Agricultural Marketing Administration, an agency which has been buying vast quantities of food for shipment abroad under lend-lease.

Associates of Wickard said Hendrickson was in line for appointment as director of the food distribution administration which will be set up under President Roosevelt's order conferring broad food control authority on Wickard.

The order also authorized creation of a food production administration. Several persons were reported under consideration by Wickard for that directorship.

### Stars and Stripes Going To Press With African Edition

BY NOLAND NORGARD

Algiers, Dec. 10.—(P)—The Stars and Stripes is going to press with a North African edition.

The first issue of the U. S. doughboys' newspaper on this new war front is due to appear this week, beginning as a weekly.

But its editor, Staff Sergeant Robert Neville, of New York City, is hopeful that soon it may come out as a semi-weekly or even as a daily. He formerly was on the editorial staff of Time Magazine.

The initial issue is the product largely of two men—Neville and his mechanical staff who right now is Staff Sergeant Irving Levinson, of Stamford, Conn.

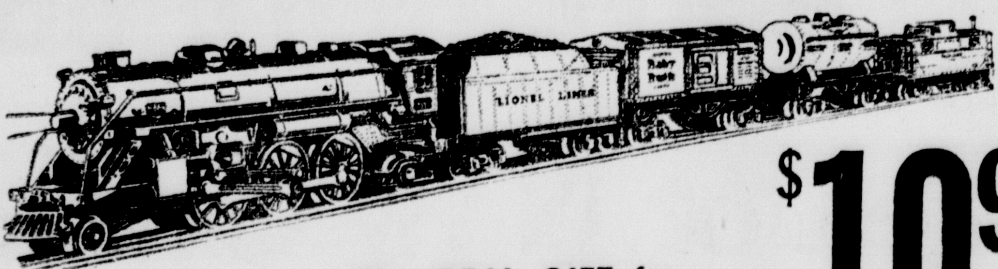

The new publication is a product of the combined efforts of the Stars and Stripes in London and the staff of Yank, the army magazine, in North Africa. Comic strips as well as latest developments in the war and the news from home will be brought to the troops.

The U. S. troops here have a vast need for such a publication. They have been poring over French-language papers attempting to learn what's going on in the world, but French-English dictionaries disappeared long ago and radio receivers are unavailable.

Last month's football scores are still passed around orally as hot news.

## Yeggs Caught Here Wanted In Jamestown

The two self-confessed deserters who have been in the Warren county jail since Monday when they were arraigned on charges of burglary have been definitely connected with a robbery at the Palm View Restaurant in Jamestown last Friday night. The boys, identified as F. A. Emri, 22, AWOL from the Canadian Army, and Milton J. Knight, 17, formerly stationed at Fort Dix, pleaded guilty to charges of burglarizing three business places in Warren Sunday morning.

Last evening Lieut. of Detectives Richard Monaghan and Detective Fogle came to Warren and in company with Lieut. Mike Evan, of the local department, questioned the lads at considerable length about the Jamestown job. After they were positively identified by two Jamestown girls with whom they had visited a taproom there Friday evening, they admitted that they had robbed the restaurant. The amount of money secured from a juke box which they jimmied is said to have been between \$5 and \$10.

After pleading guilty to the local robberies Justice of the Peace Tracy M. Greenland bound them over to the next term of court. Since the offense is not bailable they will be confined in jail until that time.

## Children's Aid Will Continue Holiday Work

At a meeting held Tuesday morning by the Warren County Children's Aid Society board of directors, it was decided to continue the usual yearly Christmas plans.

Accordingly, the Christmas Fund is now open to receive contributions from interested friends of children and members of the board as well as the worker employed by the society are busy seeing that all children under the care of this countywide organization have proper recognition at Christmas time.

There are many children in Warren county who depend on the Children's Aid Society for their only Christmas celebration, as well as for actual sustenance and supervision during the rest of the year. For these otherwise forgotten young people, the agency asks for contributions to its fund. Gifts of appropriate toys or money will be used carefully to bring the most happiness and Christmas cheer to the most children. The public is asked to send its donations to the offices of the Warren County Children's Aid Society in the court house.

### DIRECTORS TO MEET

Directors of the Y. M. C. A. will hold a meeting this evening at the association building at 6 o'clock. Supper will be served. At the last meeting of the board held November 12th, the board passed a resolution signed by every member, his 40 years service as a board member. Due to ill health Mr. Miller recently resigned. A copy of the resolution has been sent to Mr. Miller.

### CHANGE IN PARTY

It was announced at last night's meeting of Women of the Moose that it has been necessary to change the date of the Christmas party planned by the women and the LOOM for the children. It will be held in Moose Temple at 8 p. m. Tuesday, December 22, instead of on Monday as originally planned and announced. Children from the Hoffman Home will be specially invited guests. Senior Regent Alice Lauffenberger was in charge of last night's meeting, with the attendance prize going to Eloise Bonnell and committee reports by Augusta Anderson and Florence Stites.

### AIR MAIL GROWS

Perhaps due to so many young men from this section being in army camps throughout the world, the air mail shipments from the local postoffice have grown by leaps and bounds. Where formerly one sheet of airmail stamps were sold in a week now an average of 15 sheets per day are sold and the average shipment of airmail averages about 15 pounds. Business houses, too, pressed by war work and the need of rapid correspondence finds the airmail an avenue of ready use and many letters from business houses are also flown to destinations. Soldiers mail, however, forms the bulk of the shipments from the local office.

### AIDS DEFENSE COUNCIL

The North Warren Jr. Hi-Y Club, a group of 41 Jr. high school age boys in North Warren organized by the Warren Y. M. C. A., has volunteered its services to the local Defense Council for any community duties it is able to perform for the duration. Wylie T. Corbett, acting for the Council, accepted the offer and put the boys to work immediately. There are several hundred first aid pamphlets to be distributed in North Warren and the boys will see that each family receives one. In conjunction with the national Tin Can Salvage the boys will take the responsibility for organizing and helping with the collection. Families are asked to properly prepare the cans and keep them in a dry place until the collection day is announced and then they will be picked up by trucks. The club will be glad to supply any information or assistance desired.

### MRS. BARKMAN'S FUNERAL

Lander, Dec. 9—The house was filled to capacity for the funeral of Mrs. Carrie Burgett Barkman held at the home on Tuesday afternoon at 2 o'clock. Rev. William Fuller pastor of the Methodist Church officiated.

The bearers were six nephews, Ralph Burgett, Wendell Burgett, Charles Burgett, Paul Brown, Ira Brown and Philip Putnam. Interment was in Foster cemetery at Lander.

Mrs. Barkman died at her home on Saturday morning after an illness of three weeks. She was born in Farmington Township, the daughter of Mr. and Mrs. Ira Burgett. She leaves one sister, Mrs. R. N. Brown of Warren, five nephews and one niece. One brother Charles Burgett died about 28 years ago. She married Edward Barkman of Jamestown and spent part of her life in Jamestown, Lakewood and New York City. They returned eleven years ago to make their home here. Mr. Barkman died on Memorial Day this year.

She was a member of the local church, the WSCS group, Foster

Cemetery Society and the Hill and Dale Garden Club. Relatives and friends from away present were, Mr. and Mrs. A. L. Barkman, Mr. and Mrs. John Lundberg, Mrs. Jamieson, Mr. and Mrs. Charles Gustafson, Mr. and Mrs. Gerald Gustafson, Mr. and Mrs. Herman Anderson, Mr. and Mrs. R. E. Johnson, Mr. and Mrs. Emerson Chase and the Misses Halgi of Jamestown, Mr. and Mrs. Charles Hodges and Mr. and Mrs. Wilmer Hodges of Lakewood, N. Y., Mr. and Mrs. R. N. Brown, Mr. and Mrs. Ira Brown, Mrs. Robert Brown, Mrs. Stella Henderson, Mrs. John Lyon and Mrs. Clara Raymond of Warren, Mr. and Mrs. Phillip Putnam of Erie, Mr. and Mrs. Charles Burgett of Sagerstown, Pa., Mr. and Mrs. Miner Dunham and Mr. and Mrs. Chester Dunham of North Warren, Mr. and Mrs. Paul Brown of Sugar Grove.

### LLOYD ALFORD

Services in memory of Lloyd Alford, who was fatally injured in an automobile accident near the Airport Inn between Youngsville and Pittsfield Tuesday evening, will be held at Union City Saturday afternoon at two o'clock and burial will be in Evergreen cemetery there.

## First Speaker On "Y" Forum Knows Japs

All persons interested in our war with the Japanese (and who is not?) and in getting the straightest possible inside information regarding our oriental enemy will certainly be interested in hearing James R. Young, the first speaker of the Y. M. C. A. lecture-forum series.

As director of the International News Bureau in the Orient for well over a decade, with headquarters in Tokyo, Mr. Young is in position to know the Japanese and to help us to understand them. He is recognized as the foremost platform speaker in America today on topics related to the Japanese people and government.

Newspaper and magazine readers are seeing his name frequently these days as the author of articles on the war and particularly on Japan. Some have read his recent small book titled "Our Enemy," and readers of Flying, Elks, Lions, and the Air Force News letter are seeing his stories featured this month.

Mr. Young's lecture will open the forum here on Thursday, December 17, in the auditorium of the Woman's Club. In view of the high calibre of the four series speakers and the low cost of series tickets, the "Y" Forum committee, of which Robert W. Mackay is chairman, announce that admission will be by series ticket only. Arrangements for series tickets can be made in person or by mail at the Y. M. C. A. office, and those who want these tickets will find it a real convenience to get them in advance of opening night.

### CENTENNIAL EDITION

In observance with the 100th anniversary of the founding of St. Marys a most commendable centennial edition was issued by the St. Marys Press. It consisted of 36 pages containing historical lore of the town and is well printed. H. T. O'Brien, of the Press, is to be congratulated on the fine work of himself and his staff.

### TO DECORATE CHURCH

The men of the First Methodist church will meet at the church next Monday evening at 7:30 to perform their usual task of decorating the church for the holidays. This meeting will replace the regular December gathering scheduled for the 21st. It is hoped that a large group of the men will turn out for the task. Refreshments will be served.

### TO WORK NEW YEAR'S DAY

Defense plants will work on New Year's Day. This is according to the announcement of Donald Nelson who recently stated that war production was not holding up as it should. To the end that the boys on the front lines get the proper support from the folk on the home front no holiday will be given men in war plants and the wheels will turn as usual.

### BUTTER IN DEMAND

While most of the stores of the city have butter for sale, the demand for the commodity has greatly increased during the past few days. Merchants report that they have sold more butter than normally since there has been talk of butter rationing. Attention is called to the fact that butter is not a commodity that can be hoarded as it cannot be kept successfully. Like coffee, a run on butter will lead to its rationing in the near future and buyers can hasten that time by buying only what is actually needed.

## Typewriters Being Used Long Hours

While Uncle Sam is calling for typewriters to the extent of 20% from the public schools of the state there will evidently not be any forthcoming from the Warren county schools if they can help it. In the county schools there are few that have departments where typewriters are in use and those schools are not using any machine in grades under the 11th and 12th. The training of commercial students is taken to be highly important as a part of war training for young people.

In the Warren schools there are 53 typewriters purchased since 1935 and of these 46 are in the Commercial department and they are in use both during the day sessions of school and also at the night school. The school officials have made a survey and find that all are being used 100% in vocational work and that none are being used below the 11th grade.

Just how the taking of these machines away would help the government more than their use in the training of young people in the handling of commercial work is more than the school officials can see. The government has been notified both by the county and borough schools of the situation.

#### IRREPLACEABLE

From the column "With Justice For All," which appears weekly in the Lake Shore Visitor, we take the liberty of reprinting the following beautiful tribute to one of Warren's pioneer and lovable characters, Catherine Hallahan, whose death was recorded November 23rd:

The old Irish stock of America, full of wit, gaiety, strong faith, rippling laughter, as typified by George M. Cohan, is dying out. . . . The pity of it is that there are no replacements. . . . The new generation, hardened by a struggle to keep lace curtains in the parlor, tainted by contact with American materialism, and too far distant from the sod that nourished faith and humor, has let the song go out of its heart and its strong-as-death to the Church loyalty weaken. . . . A case in point is the late Catherine Hallahan of St. Joseph's parish, Warren. . . . She was one of those good Irish characters who lived a quiet and humble life but always the "life" of every party. . . . By that we do not mean that she tore down chandeliers or kept the crowd roaring with off-color stories, as is the modern conception of a party "dynamiter." . . . Her method was to meet her friends with an infectious smile or spill off a comic Irish story. . . . Ribbing her about being an old maid—and she was that for all 50 years of her life—usually backfired on the heckler. . . . She usually had the last word and the last laugh contrary to the general state when the last word means the most piercing dagger. . . . There are some members of the parish who now will tell you that church suppers will not seem the same without her. . . . When they heard her cheerful Irish voice and hearty laugh from out the kitchen they knew that all was well on the range. . . . She was truly a good soul, and perhaps a saint, but not the type to be shouting her goodness from the houseposts, or parading around with a prayer book or rosary as indices of piety, or casting her neighbors into hell for infractions that such condemnations are usually guilty of themselves. . . . In the early days of her life in the parish Father De Laroque was pastor and Katie always loved to tell of his kindness and to relate how hard this good pious priest worked. . . . Just as loyal was she to the memory of priests possessing such superb qualities of kindness and zeal as Fathers James McCabe, Joseph Siervending, and Joseph Diamond. . . . Right or wrong, the representative of God was always right to her and never a word of scandal, passed her lips. . . . Where in America is a garden spot in which such a beautiful Catholic flower as Katie can be grown?

#### A TONIC FOR CRABBERS!

A "V" letter just received in Warren from Lieut. James Miller, former employe of the United Refining Company, who became an aviation cadet, took the hard knocks, graduated from an aviation flying school, received his wings and commission and is now in England, should prove a good tonic for some folks who are inclined to feel a little fed up on restrictions being enforced at the present time. It needs no elaboration and we hope that it will be closely perused by every reader:

Dear Roy,

It's been a long time—eh what? I shall certainly try to do better in the future!

At long last I'm seeing the English at home. Don't let Brother John Logan fool you—we have a lot to learn from them in the matter of all out effort. Blackouts here aren't 30 min. trials. They are all night, every night—and absolute! There are no civilians. Those not actually in uniform might just as well be—they aren't sitting back or making money. You feel father strange the first time a woman drives the gas truck up and services your plane! Everywhere it has been possible to replace a man, they've done it.

Getting around at night here is something I'll never forget. No headlights on the truck—Bumping into people—Falling off curbs—And above all, getting turned around! With all this, there is no complaint. Not even against rationing—which is anything you might want to buy.

I wish everyone at home could see just one bombed out block before they go to work tomorrow. If that didn't speed matters—nothing would!

Give my best to all the gang—they're not forgotten by a long shot. And don't forget that letters are more welcome than ever before! (If possible).

Sincerely,  
Jim.

Hats off to the students and faculty of the Lander school where not a single day of the present term has gone by without a sale of War Stamps and Bonds. This unusual record of achievement was topped on Pearl Harbor Day when purchases totalling \$409.30 were made by the 189 pupils enrolled.

Congratulations to the committee in charge of the Russian War Relief fund campaign in Warren county. It was an uphill job and those in charge are deeply gratified over the manner in which the public responded.

If you want to put in a real lick against tuberculosis, provide yourself generously with Christmas Seals. You couldn't make a finer gift than to help prevent the scourge of this disease.

## Washington In Wartime

By JACK STINNETT

WASHINGTON—The boys here who really know what's going on are getting a snicker out of those criticisms against Admiral Darlan's being on our side now.

War experts who are on their toes think that our pre-invasion dealings with the powers that be in North Africa probably saved more than 50,000 American and British lives, not to mention lives saved among the French colonials, and the vast amount of materials and shipping that would have had to be sacrificed if we had pitched into the North African front without an "understanding" with those in power.

President Roosevelt, as Commander-in-chief of the armed forces, already has recognized the vast importance of Lieut. Gen. Mark W. Clark's pre-invasion trip into Algeria. In military circles there hasn't been a word of criticism against our taking gold coins into the North African theater. We have probably done a bit of palm greasing in several other European nations, but just why a few persons should step up and declare this a treason to democracy is a bit of a mystery.

HITLER had his Quislings scattered all over the conquered nations. How much of his success was due to fifth column activity is impossible to say, but most military experts agree that his armed forces would have been impotent in many theaters without the fifth column.

Yet Hitler's fifth column was just a handful compared to what the United Nations have for the asking. Conservative military leaders here estimate that there

are 100,000,000 persons in the occupied territories of Europe who are willing to risk their lives in an all-out uprising against Nazi domination.

In the forefront of this vast army are the Norwegian, Dutch, Belgian and French undergrounds; General Mihailovich's Chetnik army in Yugoslavia; the behind-the-lines guerrillas in Russia; the Poles and Czechs and Greeks who are fighting Nazi domination with everything in the book. Perhaps there are millions of these who in their little way are apparently as cooperative with the Axis authorities as Admiral Darlan has been. Perhaps there are other millions who are only waiting until they can see their way clear to throw off the Nazi yoke. . . .

NOT to make use of these, and even these others outside the conquered countries who are seeking only future security for themselves and their people, would be one of the greatest strategic errors the United Nations could make.

That, at least, is the opinion of the experts. They also say that for the first time in history the United States is coming of age and playing the European diplomatic game with the same marked deck they have been using over there for centuries. That's why the topflight men are snickering at criticism of our psychological warfare in North Africa. It's the first time we have really won a pot that way and apparently it has been a big one. When the whole story is finally told, the size of our winnings may be ten times what they seem to be now.

## HOLLYWOOD SIGHTS AND SOUNDS

By ROBBIN COONS

HOLLYWOOD—Miss Susan Hayward from Flatbush is a gal in what you might call a predicament.

She's been told many things about herself since she came to Hollywood nearly five years ago. One of the first things was that she wasn't "sexy" enough. One of the latest things was that she was "too sexy."

Red-haired Miss Hayward gives us the plain facts of the matter: "It's not so," she says.

THIS is how it started, when Susan finished high school in Brooklyn and went to New York to crash the stage and become a great actress. The stage, as far as Susan was concerned, stayed uncrashed, but she did some modeling and David O. Selznick saw her picture. That was in the days when Selznick saw a Scarlett O'Hara in every pretty face, and Susan came to Hollywood for \$200 a week and a Scarlett test. They soon suggested she use the rest of her round-trip ticket.

"But I was here, and I wanted to do something. I got a job at Warners, and posed for a lot of stills. They let me out and I went over to Paramount. I went to all the other studios too but they said no. Paramount had said no, but I

heard they had a new talent man and I went again."

Miss Hayward, who is small and shapely, made a sensational debut in "Beau Geste" as the girl the boys left behind—mostly on the cutting room floor. After that she began asking around the lot for parts, but was lost in the shuffle. One day Gregory Ratoff gave her a book called "Adam Had Four Sons." Ratoff and his wife, Eugenie Leontovich, presented her to Robert Sherwood, the producer. "She's not sexy enough," said Sherwood. Ratoff and Eugenie coached her some more, and sold Sherwood. Susan played the scheming, heartless role and knocked the eyes out of it. So she went back to Paramount.

"I STILL didn't get anything much to do," she says. "Oh, yes, there was a part in 'Reap the Wild Wind' and then in 'Forest Rangers,' but nothing really big for me. I read a lot of parts I'd have liked, but they all went to Paulette or Veronica. I'm at Republic now, on loan for 'Hit Parade of '43' and I sing, which is something I've never done before. So that's how it stands now—I'm young, and optimistic, and having a lot of fun."

"I keep on reading parts, though. I went to Hunt Stromberg, who's making 'Guest in the House,' to ask for the part of the girl. You know what he said? He said I was 'too sexy.' So . . ."

Interesting Items Taken From The Warren Evening Times

In 1922

That a new road will soon be built toward Warren on the New York side of the state line seems assured as bids have been opened in Albany for its construction. Work will begin next spring.

J. Arndt Swanson, the contractor, now has four houses on the East Side under construction. He has undoubtedly erected more homes in Warren than any other private citizen.

A meeting of local capitalists was held last night at which plans for a half million dollar hotel in Warren were discussed. It is planned to erect the structure next to the post office on Pennsylvania avenue.

Miss Bernice Shine left today for Erie where she will become the society editor of the Dispatch-Herald.

Contractor O. D. Ruhlman has completed the drilling of a water well at Glade Run in quest of a new source of water for the city.

In 1932

H. J. Miller, of the Valentine Run road sighted a huge groundhog yesterday. A companion fired at the animal and it quickly disappeared in its hole and probably will not emerge until Groundhog Day.

Willard R. Carlson, son of Mrs. Claus Carlson, of Sugar Grove has enlisted in the U. S. Army.

Several opposus have been shot on Cole Hill recently and the good folk of that community are discovering that "possum and yams" make a grand meal.

Mrs. C. A. Hoover, Brook street brought a rose bud to the Times-Mirror office today which she picked in her yard. It was well developed and highly attractive.

In the advertisement of the Lewis Market, shank end, 12 cents the pound and "best chuck roast 22 and 25 cents the pound."

G. M. Borg had a busy job this morning photographing the boys delegates in attendance at the Older Boys Conference of the Y. M. C. A. There were several hundreds of boys in the group and they were arranged on bleachers loaned by the school.

#### CHRISTMAS PARTY OF RUTH CIRCLE

The Christmas party held by the Ruth Circle in Grace church Tuesday evening proved very enjoyable to the 24 members present. Tables were decorated by Mrs. C. C. Burch in green pine, white candles and Merry Christmas in red letters for the tureen dinner capably served by Mrs. Gilbert Loree and her committee.

Immediately following dinner, Mrs. George Young presented Dr. J. A. Davidson in an interesting talk on his Mediterranean cruise, which he illustrated with pictures. After singing "O Little Town of Bethlehem", Mrs. E. Taylor Judd led the group in devotions, reading the Christmas story from Luke's gospel, another Christmas story, "The First Christmas Bells", and singing of "Silent Night".

During a brief business meeting conducted by the president, Mrs. Stanley Cramer, the treasurer, Mrs. George Grosch, announced sending of the usual Christmas gift to the Baroda boy, whose education the circle is sponsoring. Expressions of inspiration and helpfulness concluded the meeting.

### Family Night At Salem Ev. Well Attended

The family night supper held Wednesday at Salem Evangelical church was very well attended and during the business session which followed Lee F. Olson was elected superintendent of the Sunday school, with Mrs. Carl M. Jones as assistant.

Others named at this time were: Trustees, Ivan Rydholm and Ernest D. Huber; class leader, Ernest A. Kaebnick; secretary of Sunday school, Phyllis Backstrom; assistant, Mary Hennessey; treasurer of Sunday school, Gustav A. Ristau.

Mrs. John Dahler was in charge of the kitchen committee for the evening and Ella Eckert supervised the beautifully decorated dining room.

Following supper, Rev. S. R. Scheib, pastor, conducted devotions in the form of singing Christmas songs by candlelight.

### More Alarms For Test Raid This Month

From all indications residents of the state will have two air raid test alarms during the month of December. One to be held during the daylight and one during the hours of evening. The practice tests are working out well all over the state and the persons participating in the various portions of the work are becoming more proficient in their tasks. Wardens, auxiliary police and firemen and others are doing their work in splendid shape. Reports on the last test both in the county and state were to the effect that none previously had been so successful.

In a letter just received by Chairman Allen Gibson, of the County Council of Defense it was suggested that all churches set up an organization in the church to handle any air alarm that should take place during church hours. It is suggested that air wardens be selected, posts assigned and a complete set-up formed with air raid shelters plainly marked, etc. From the letter the inference can be drawn that perhaps this month or next a test will come on some Sunday while church services are in progress.

## Pleasing Program For Philomel Club

There was a large turnout Wednesday afternoon for the annual Christmas program of Philomel Club. The music room was attractive in holiday decorations of potted plants, evergreens and red candles, centered about a snowman and snowgirl in the front windows.

Mrs. Allie Russell, president, announced a business meeting for January 6 and a program of Latin American music January 13, in charge of Mrs. Z. Magno de Carvalho and Mrs. Francis Erickson. Mrs. Chester Randall announced placing of a box at the club for members' donations of silk stockings. Attention was called to the Christmas carol festival to be given Monday, December 14, at Beatty school; also the organ recital yesterday afternoon at Trinity Memorial church by Father William J. Moore, pastor of St. Joseph's. The president expressed the club's regret at the passing of one of the community's leading musicians and husband of a club member, Marcus Naylor.

For the program, Mrs. W. M. Robertson and daughter, Miss Jean, played several two-piano selections in keeping with the Christmas theme. Mrs. Everett Borg, contralto, sang two groups and Mrs. W. E. Yeager, soprano, sang a solo. Mrs. Wallace Cowden pleased with a beautiful Christmas reading and the program closed with Mrs. Borg leading in carol singing. Accompanists were Misses Robertson and Miss Lillian Larson. Tea followed in the club parlors, in charge of Mrs. H. F. Clawson and her hostesses.

## Porkey Pig Proves Pleasing Part Of Players' Program

Warren Players Club members were offered something different in the way of stage entertainment last evening when Margaret Wright directed a talented cast in the modern farce, "The Lion's Paw" written by her husband.

The play, one act in two scenes, combines very effectively and humorously, a secluded off-the-coast-of-Florida island, runaway architects, a grass-skirted young beauty, psychiatry, the kind of shell shock that attends natives and visitors to that region and a genuine Porkey Pig that played his role superbly, responding to cues in a manner that bespoke years of experience before the footlights and an earnest desire to make a place for himself in Players' history.

Cast by Mrs. Wright for the production were John Malone, Vera Neal, Janet Summers, Will Brydon, Homer Fleming, Margaret Messerly and "Porkey" Erickson.

The attractive set was the work of Mac Kinander, Howard Lauf-fenburger and Bertram Messerly. Members were reminded, through the Christmas issue of Curtain Calls, that the next studio meeting will be on March 10 and that Marie Hamilton will soon make announcement concerning the public production which she will direct and present during February.

Through the same medium, Lili-ane Criswell and Margaret Wright asked for response from those interested in a workshop project and reading of modern plays.

Credit for this month's Curtain Calls goes to Frances Groesch, Jeanne Lopez and Charles Beck.

It was voted to bring Christmas gifts to the committee, Mrs. Walter Mellor, who will see that the children at the Children's Home at Sheffield get the presents. A thank offering was taken. Mrs. David May was appointed to take charge of the "Upper Room" books. These officers were elected for the ensuing year: President, Lena Briggs; vice president, Alice Moll; treasurer, Viola Putnam; secretary of missions, Stella Packard; secretary of local church, Bernice Peterson; secretary of people's work, Margery Randall; financial secretary, Edna Hedges; secretary spiritual life, Rheta Darling; secretary of supplies, Florence Pangborn. Mrs. Harry Pearson was in charge of the program presented by several of the members. It was voted to pay \$40 into the budget.

The Women's Benefit Association meeting was held at the home of Mrs. Marion Briggs with a good attendance. At the business session these officers were elected: President, Nellie Wiltzie; vice president, Lena Hale; treasurer, Inez Gregory; secretary, Lena (Turn to Page Fourteen)

## Fortune In Fox

YOU may like this fur coat, but it isn't very likely that you'll dash right out and buy one like it. In the first place, it's the only one of its kind in the world, made from the rarest of animal pelts—platinum mink. Experts said it was priceless, but gave a conservative estimate of \$25,000 as its value. Pictured in Hollywood, getting a thrill out of just modeling the coat, is Anne Shirley, RKO star.

Apple peelings are said to contain six times as much vitamin C as does the pulp near the core.

Products of the milkweed are being used in the manufacture of paper, rayon and nitro-cellulose.

Old paint brushes should be reclaimed, the bristles being cleaned with gasoline or turpentine.

## TUBERCULIN TESTS FOR SCHOOL CHILDREN

An important step in the search for tuberculosis is the giving of the tuberculin test, a harmless and painless method of learning whether a person has the germs in his body. Those having a positive reaction are X-rayed to see whether the disease has developed. A physician is shown here giving the tests to a group of freshman high school students in connection with a survey under the auspices of a county tuberculosis society. Tuberculin test—X-ray surveys are features of the programs of organizations affiliated with the Pennsylvania Tuberculosis Society and their work is made possible through the Christmas Seal Sale.

Vocational Agriculture Boys in Warren-Forrest counties have completed their project for the past year. Each boy taking vocational agriculture must carry a farm project of 300 baby chicks, 2 acres of corn, 1 acre of potatoes, etc. This is to help the boy apply in a practical way the technical information which he learned in the classroom.

In the Youngsville Vocational Agriculture department, which is under the able supervision of R. L. Albright, during the past year 35 boys completed 41 agricultural projects. These projects cost \$12,844.22, had a total income of \$21,987.64, leaving a net profit of \$9,653.42. The boys put in \$701.82 worth of their own time, making a total labor income of \$10,355.24.

According to R. L. Albright, the Youngsville agriculture boys produced the following produce as their part of the "Food for Victory" effort:

30 tons of ensilage, 100 bushels of ear corn, 10 milk heifers, 188-302 lbs. of milk, 26 veal calves, 72 bushels of apples and fruit, 6,844 bushel of potatoes, 866 chickens, 1200 doz. of eggs, 270 lbs. of lamb, 421 bushel of oats, 2060 lbs. of pork, in addition to small items and home vegetable gardens.

### SUPERVISORS CONVENTION

The annual convention of the Warren County Supervisors and Auditors will be held in the Court House at Warren on Tuesday, December 15. An interesting program has been arranged with some good speakers among them being Joseph Thomas, of Hayesville, Ohio and H. A. Thomson, Drexel Hill, Pa. A record attendance is expected at the gathering.

### LITTLE SHOP LIFTING

Shop lifting, which always is more or less prevalent during the rush of holiday buying is thought down to the minimum this year. Warren's police during the past few years have picked up several who have picked up articles in stores and it is thought that the practice is quite well checked. Due to the vigilance of the police this year there has been little of the thieving indulged in.

### AIR EXPRESS WORKING

Shipments by air express are growing from the local express office and the heaviest shipment dispatched recently was one of 138 pounds. The planes land for the heavy loads and due to the snow on the runways at the airport one package about 50 pounds recently had to be dispatched to Buffalo by train where it was taken by air.

### TREES ON MARKET

Christmas trees are in the market and at several places in the city the Christmas green centerpiece is being offered for sale. Some trees are coming from Canada but the cut there is down by millions of trees. Trees from nurseries in the United States are being sold and there are some locally cut hemlock and spruces being offered. Fear that there would be few trees are being relieved by the displays shown during the past few days.

### SHIPMENTS SLOW DOWN

With 2533 tires and 240 tubes sent from Warren into the Buffalo warehouse shipments through the local express agency have slowed down. However the deadline for tire and tube shipments comes next Tuesday and all must be in by that time. The express office is prepared with blanks for shipments unless an extra heavy rush occurs. Then some may find that their delay has caused them trouble. It is thought by the express company employees that some are hoping a further extension of time will be allowed as several have telephoned but have not followed up the information given.

### ROADS NEARLY FREE OF ICE

Users of the highways about Warren are loud in their praise of the work done by local highway crews in handling the situation following the heavy snow storm of last week. The main highways are nearly free of snow and ice and work is being continued on the dangerous spots by the highway crews with chains keeping them free for traffic. Most of the country roads have also received attention and with the highways open Warren merchants are preparing for an avalanche of business Saturday. Most local stores report excellent business so far during the present Christmas season.

### Short Session Aim of Both Party Leaders

(From Page One)  
15 for adjournment with a month earlier as the deadline for the introduction of bills.

Slating of Fiss practically assures him of election to the speaker post when the session convenes on Jan. 5.

Others slated for office are: Rep. Franklin H. Lichtenwalter of Lehigh, majority floor leader; Rep. Walter E. Rose, of Cambria, majority whip; William E. Habbysaw, former Dauphin county assemblyman, chief clerk at \$6,000; William R. Egan, Luzerne county, secretary at \$5,000; Norman Wood, dean of the house from Lancaster, permanent chairman of the Republican caucus, and Herbert P. Sorg, Elk, secretary of the caucus.

### Half Million Youths Will Be Enrolled

(From Page One)  
Any 18 or 19-year-old registrant attending high school who is ordered to report for induction during the last half of an academic year may have his induction postponed until the end of the academic year upon written request to his draft board.

Addition of the new registrants to the list of draft eligibles will postpone to some extent the induction of childless married men, but their addition has been offset in part by the recent stoppage of induction of those 38 or older.

A number of problems arising from suspension of voluntary enlistment and adoption of 27 as the maximum age for army selectees still awaits solution, war department officials said.

### Russian Ski Troops Help Pursue Nazis

(From Page One)  
 booty in the recaptured area northwest of Stalingrad includes American-type automobiles, Norwegian canned goods and Greek cigarettes, dispatches from the front said today.

The motor cars taken as war trophies were used by German staff generals, the dispatches said. (It was not explained whether these were pre-war models or military vehicles which the Germans had previously captured on the Russian or other fronts.)

### Crucial Battle For Axis Stronghold Is Ready To Explode

(From Page One)  
Advices from the front last night, however, said the weather was unfavorable for large-scale land or air action and it appeared that for the moment, at least, the key to the situation lay in the hands of the elements.

### PUBLIC IS INVITED

A cordial invitation is extended by the YWCA to the public to attend the traditional "Hanging of the Greens" ceremony to be held in the activities building at 7:30 p. m. Friday, Mrs. Carl Lundahl, president, will be in charge, assisted by the business girls and representatives of the various departments.

### OFFICE OPEN NIGHTS

The railway express office is open each evening until after Christmas and those who have business can find some employee at the office until about 10 o'clock each evening. Christmas shipping is already under way by express and many packages have already been picked up and dispatched while large numbers have been received.

### NEED MORE HOUSING

The Keystone Ordnance Works officials at Geneva have appealed to Mercer, Oil City, Franklin and other communities within a 25-mile radius to provide additional housing facilities for families of men employed under way by express. Several hundred families have been placed in Meadville and Cochranton. Officials said bus service is provided between the communities and the plant.

### TIN CANS ON WAY OUT

Patrons of the grocery, tobacco and other stores where wares were formerly packed in tin cans observe that the tin can is on its way out. Pastboard and glass are being used more and more extensively in the packaging of various food products and the tobacco stores find their wares are being put into pastboard packages. Attractiveness of the packaging has not been affected by the change and the displays are still tempting to the eye of the patrons.

### PACK MANY BOXES

Meeting in the Odd Fellows, the Youngsville Community Service Club packed 66 boxes in service and announced the next meeting will be for the purpose of packing boxes of cookies. Regret was expressed that names and addresses of all the boys from that community have not been given the club, so that each and every one might receive a gift, and anyone having a son in the armed forces was asked to send his name and address to Miss Oneta Sheffer before the next meeting.

naire which the PUC has submitted to the company.

The consumers are opposing the proposed service, claiming it would result in higher rates.

The Pennsylvania Electric serves 135,000 customers in Cambria, Centre, Clarion, Clearfield, Crawford, Erie, Forest, Indiana, Jefferson, Somerset, Venango, Warren and Westmoreland counties. Keystone has about 1,600 customers in the same area.

E. C. Breen, counsel for Pennsylvania Electric, opposed the extension, saying it was inconvenient, expensive and burdensome to the company.

### DEER SEASON CALLED QUITE "SATISFACTORY"

Harrisburg, Dec. 10.—(AP)—The state game commission reports that the 12-day deer season, which ends Saturday, has been more than "satisfactory" for hunters who were "willing to work hard."

Good tracking shows in many sections of the state, the commission added, will probably bring large numbers of hunters out for the closing days.

Seth Gordon, commission official, said men who hunted hard found "a plentiful amount of healthy deer with large tracks."

# Warren Merchants Look For Normal Christmas Business

The hoofs of eight tiny reindeer will soon be clattering delicately again upon the rooftops of Warren and Warren county. Stockings hung by Warren chimneys with care will be well-filled this second Christmas after Pearl Harbor, which is the first Christmas under real war time conditions.

For at least a fortnight shoppers have comfortably filled Warren retail stores for most of the time, indicating a desire to shop in normal quantities but somewhat earlier than usual. Most stores are exceedingly well-stocked with Christmas merchandise for the present season. It is likely, however, that the coming year will see many restrictions on the quantities of merchandise available for sale. For this reason most Warren merchants hope for anything but a boom business this Christmas, or anything resembling a "run" on merchandise. "What we hope for," said W. H. Wright, chairman of the retail committee of the Warren Chamber of Commerce, "is just a normal Christmas business which will leave our customers well-supplied and our stores with some merchandise remaining to sell during early 1943."

Meanwhile, many customers are having to adopt themselves to the new delivery policies enforced. Many stores which have always delivered daily have now been forced by gasoline regulations to cut their deliveries to once or twice a week. In most cases only large articles are being delivered at all. It is expected that all small and medium-sized articles will be taken home by the customer in his own car.

Christmas store hours will go into effect on Thursday, December 17th. From this date until Wednesday, December 23rd inclusive, borough stores will generally be open from 9 a. m. to 9 p. m. daily and Saturday. On December 24th, Christmas eve, the store hours will be 9 a. m. to 6 p. m. An early closing on Christmas eve, long a tradition of Warren stores, is done for the purpose of permitting employees to spend Christmas eve at home with their families making final preparation for the great day.

# Health Topic Of Address To Kiwanians

At the Wednesday Kiwanis Club meeting at the Carver Hotel, W. L. Parmelee, physical director of the YMCA, gave a helpful discourse on "Personal Health," stressing these eight points:

1. Yearly medical examination.
2. Mixed diet of proper kind and amount.
3. Exercise, play and relaxation regularly.
4. Proper amount of sleep.
5. Plenty of fresh air.
6. Regular habits of elimination.
7. Healthy, happy outlook on life.
8. Moderation in all things.

Kiwanians were reminded it is not ignorance of these laws but downright neglect of them which results in negative health. The YMCA was lauded as an ideal institution for obtaining proper exercise of the game variety most appealing to middle aged men. Mr. Parmelee commended lay advice on physical wellbeing and advised consultation of a specialist as a time and money saving practice.

His talk was concluded by announcement of the lecture forum number on January 17, featuring James R. Young, internationally famous editor.

President Harold Baker announced a dinner for the Saturday Evening Boys' Club at the "Y" Saturday evening, December 19, and Dr. J. R. Elliott stated that SEB Club members are to form five teams and cooperate with the Times-Mirror Junior Commando organization.

Guests at the meeting were J. L. Gilliland, of the Oil City club; C. R. Nelson, Jamestown Kiwanian; Lt. Phil C. Campbell, of Camp Polk, La., and Frank Pearce.

## Redskins Are Prepping For Chicago Bears

BY PAT O'BRIEN

Washington, Dec. 10—(AP)—You can't tell what'll happen when two tough outfits clash, so don't sell the Washington Redskins short.

That's the attitude of the Redskins, eastern division champions of the National Football League, as they gird themselves to meet the Chicago Bears, western titleholders and defending kingpins of the pro football world, in the playoff here Sunday.

Coches Ray Flaherty of the Redskins is tired of hearing of that 73-0 shellacking the Washingtons took the last time (1940) they met the Bears in a playoff.

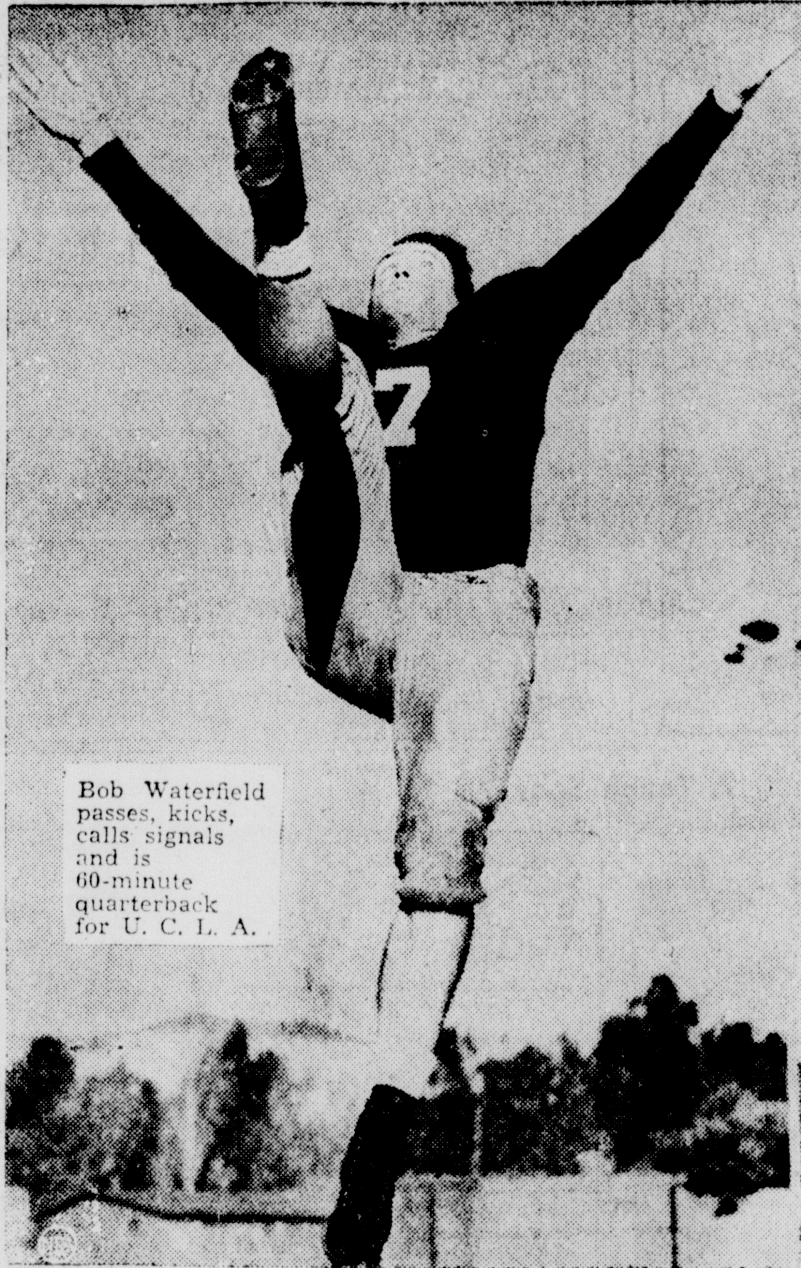

"We've got a big, hard-charging line, a swell passer in Baugh and good running backs in Andy Farkas and Ray Hare, and we've got some pretty fair blocking along with it," Flaherty said.

Nobody hereabouts, least of all the betting boys, is underselling the Bears. They know about their record, and of the exploits of Bill Osmanski, Gary Famiglietti, Sid Luckman, Bulldog Turner, Lee Artco, and the rest. But everyone, from Flaherty and Washington owner George P. Marshall down, promises there'll be no repetition of that 73-0 debacle.

## WPIAL DIFFICULTIES BEING IRONED OUT

Pittsburgh, Dec. 10—(AP)—Any difficulties that may be confronting member teams will be ironed out at a meeting tonight of two athletic committees of the WPIAL.

The football committee will conclude its official business for the year. The basketball committee probably will rearrange some sections to fill gaps created by a dozen or more schools which have announced their intention of abandoning basketball. Cecil Township high is the latest to withdraw, Henry Scarton, the

## Covering The Sports Front!

BY "BOB" JOHNSON

When Ray Peebles furnished the incentive for the "Happy Golfer" story we were hoping there would be enough in the sports line to keep us away from it, but find that it keeps popping up so we'll have to spring it and then wish it was next week.

It all started when one day every man and woman at the club had had a tough first round and the usual swearing and so forth came out with ease it had been accustomed to. Then around a corner of the clubhouse came a little man, whistling and humming to himself as though there weren't a care in the world for him. The anguished onlookers decided to watch this little newcomer and see just what he was getting out of life that they weren't, so one of the most puzzled foursomes followed and we were lucky enough to be in it. Well sir, that diminutive person teed off and hit one—not long—but right down the middle and proceeded with his whistling and humming as he went after it. After that it went on to all greens and fairways with this same four-some hitting fast and furious to keep up with him, right through to the end with he came going on as had been heard before. The odd thing about it was the cocky way he walked up and whistled all the time he lined up the ball before he uncorked the wallop he packed for those 185 yards, and all golfers know that one of the main rules of golf is to remain quiet at all times or else get the "haid bashed in". But, he was playing alone so we left him alone.

Taking just the most descriptive parts out of the story for your eyes to pick over, we'll say that he finished with a card of about 40 or 41 for the nine holes, and we hurried over to those who had waited for the story of what they expected would be his downfall, and told all. They agreed this was a rare specimen and everybody forgot him after that, although he was a frequent visitor there; he also never broke down his "morale" and always carded in the early forties.

Returning to Ray, we'll have to steal his ending because there is absolutely no other ending to be had in any book.

One day in late July, this man came whistling around the corner again, but—he had a visitor with him this time and you might have known—his wife—can you imagine that?—A perfectly good golfer, having all the fun in the world and then coming to this. This was good, so again we traipsed after them. He started again his humming, whistling and the rest, but the odds were too great. He sliced, he hooked, three putted, even four putted went into ditches and the rest and wound up at least three hours later with the most beautiful hunk of golfer's vocabulary ever heard.

The usual ending in a story like this is the moral, but you know yourself that there is no such thing in this incidence, but there is consolation—next season if you're lucky enough to play golf there will be no excuse to her for refusing her query about going along except, "can't dear, no balls for sale this season", "so long" and leave.

## Tigers Will Abandon The Farm System

Detroit, Dec. 10—(AP)—The Detroit Tigers had the sole remaining piece of property from a once extensive farm system up for sale today and from all indications the club was through with chain store baseball for keeps.

General Manager Jack Zeller disclosed that the Tigers would sell next Tuesday their Texas league franchise at Beaumont where in a dozen years of operation Detroit developed Hank Greenberg, Schoolboy Rowe, Barney McCosky and other talent for their American League pennant winners.

Zeller said the Tigers already had liquidated their Piedmont League holdings at Winston-Salem, N. C.

The Tigers plan to dispose of the Beaumont franchise, valued at \$20,000, to Ernest (Dutch) Lober, club president. The Tigers paid \$40,000 for the property in 1930 and poured in many times that amount to wipe out deficits.

## WHIRLWAVE FAVORED IN NEW ORLEANS RACE

New Orleans, Dec. 10—(AP)—Whirlaway won't put a lot of blue chips on his record money winning stake here Saturday if he takes the \$15,000 added Louisiana handicap, he should be forced by a field of sharp competitors to break the 26-year-old mile and a quarter fair grounds mark.

"Mr. Big Tail" stepped that distance in 2:03 3/5 in the Washington handicap at Laurel in October. If the track is fast, the Calumet Farm's champion, of his conqueror, should shatter the record of 2:04 3/5 set by Brynalmah at the fair grounds in 1916.

The value of munitions made in Canada last year was greater than that of the total produced during the last war.

## America's Women At War March Toward Victory

(Photo by U.S. Army Signal Corps)

Strong-armed, rugged and with a look of determination these women in slacks are typical of a vast production army doing men's work to equip the Nation's fighting men. This group, engaged in rebuilding tanks and trucks, is shown making from one job to another on huge reservation of an Army Ordnance Department Arsenal. Part of their War Week, November 22 to 23, under the auspices salary goes into War Bonds every pay day. ### PHILADELPHIANS ARE ASKED TO DIM-OUT

Philadelphia, Dec. 10.—(AP)—If the Philadelphia Defense Council has its way, every house in Philadelphia will appear dark every night from the outside after an army dim-out order goes into effect Dec. 21.

The council has asked all householders voluntarily to lower all window shades to increase the effectiveness of the precaution against air raids. The army's dim-out order requires only that large outdoor lights be shaded.

**GRANGE FAVORS BOOST IN PRICES OF FOOD**

Harrisburg, Dec. 10.—(AP)—Food prices boost to keep farms operating were suggested as the Pennsylvania state Grange entered the closing sessions of its 70th annual convention today.

Dr. F. F. Lininger, vice dean of the school of agriculture at Pennsylvania State College, told the more than 500 delegates that "increasing food prices to farmers are not only necessary but justified."

The three-day convention closes with the installation of Kenzie S. Bagshaw, of Hollidaysburg, re-nominated head of the state Grange, and other officers picked yesterday.

### Serious Test For WLB Seen In Ward Case

(From Page One)  
President Roosevelt has supported.

Although lacking any enforcement power of its own, the present board has not yet been defeated. In cases of defiance the president, as commander-in-chief, has come to its support with troops. The common form of maintenance of membership, which most employer members of the board have come to accept generally, does not require any present or future employee to join the union. Those already in the union have 15 days to get out and are put on notice that if they don't get out in that time they bind themselves to stay in for the duration of the contract, usually a year. New employers may join or not, but if they join they are bound to stay in while the contract lasts.

Montgomery Ward and other opponents of union maintenance say it violates individual liberties. The board says it is a reconciliation of individual liberty and union security. Ward's contends that "liberty requires that an employee be free to join or to resign from a union without jeopardizing his livelihood" and that the order "required Ward's to interfere with the free choice of its employees to resign from the union" because Ward's would have to dismiss an employee who quit the union after the 15-day period.

Opponents of the closed shop also argue that a union member is subject to union penalties, even expulsion, and that in a case of expulsion the employer would be compelled to dismiss the worker. In such event, it is contended, there is an interference with individual liberty.

### SEAMAN CLAIMS HE IS WANTED FOR MURDER

Philadelphia, Dec. 10.—(AP)—A 29-year-old Portland, Ore., seaman walked into police headquarters here and, Police Capt. William Engle said, announced he was a murderer.

"My conscience bothers me," Engle quoted the man, who was booked as Paul F. Johnson. "I killed a man on the west coast and I want to give myself up."

Engle wired Portland police and the reply said only that he was wanted on charges of aggravated assault and battery, holdup and robbery.

Police held him for extradition to Portland.

Boys' Bible Supper Proves Popular Event

The ideal athlete and the biblical hero, David, in the light of that ideal will be the center of discussion at the Bible supper this Friday evening at the Y. M. C. A. The session will get under way at 6:00 p. m., with the serving of one of the boys' favorite meals. After the meal, Curtis Goodwin and Meryl Ruoss, mentors for the group, will open the discussion and Captains Johnny Hanna and Dick Stone will marshal their respective teams' accumulated knowledge and pitch in.

Bible suppers are one of the most popular events in the "Y" department and all department members are invited to attend. However, in order to be sure of a meal, reservations must be in by Friday noon. If you're not coming to the "Y" before then, call the office and your reservation will be taken care of. In addition to the two teams now organized, there will be a new one formed in the near future to accommodate the new supper members coming in.

For the information of those not attending before, the price of the supper is 25 cents, and the meeting begins promptly at 6:00 p. m.

a recent visitor at the home of his mother, Mrs. Charles Johnson.

Mr. and Mrs. Charles Lantz visited their son, Wilbert, in Erie, over the last weekend.

Betty Lou Anderson, of Jamestown, was a recent Ludlow visitor. Miss Olive and Miss Ethel Griffiths, of Kane, and Mrs. Minnie Evans, of Ludlow, spent Sunday, November 29, at Six Mile.

Mrs. Julius Johnson was hostess to the Ladies Aid Christmas party on Wednesday, December 2, held in the Red Cross rooms. Gifts were exchanged by members and the afternoon was spent in sewing for the Red Cross. Lunch was served by the hostess.

L. Bernal Connelly, who has been confined to a hospital in Buffalo for the past several weeks, returned to his home on Saturday. Mrs. Connelly and children, who visited Buffalo on Friday, returned with him.

Mr. and Mrs. Leroy Johnson and children spent Sunday in Kane.

The following people were Warren shoppers on Saturday: Mr. and Mrs. Carl Swanson, Joseph Straneva, Miss Edith Larson, Miss Ardelle Whitman, Mr. and Mrs. W. Fox, Mr. and Mrs. Benjamin K. Connelly and son, Kiester, Mrs. Robert Wenstran, Mrs. R. F. Huber, Mrs. Julius Swanson, Mrs. Walter Cox, Mrs. John G. Johnson and children.

Mrs. Walter S. Cox entertained the members of the Ludlow Study Group at her home on Monday afternoon, December 7. Mrs. Sherman Mattison presented a paper, the subject being, "Christmas Flowers and Customs." The afternoon was devoted to a discussion of Christmas decorations and customs, with each member presenting her individual thought or idea concerning the subject. Tea was served by the hostess.

Tired Kidneys Often Bring Sleepless Nights

Doctors say your kidneys contain 15 miles of tiny tubes or filters which help to purify the blood and keep you healthy. When they get tired and don't work right in the daytime, many people have to get up nights. Frequent or scanty passages with smarting and burning sometimes shows there is something wrong with your kidneys or bladder. Don't neglect this condition and lose valuable, restful sleep. When disorder of kidney function permits poisonous matter to remain in your blood, it may also cause nagging backache, rheumatic pains, leg pains, loss of pep and energy, swelling, puffiness under the eyes, headaches and dizziness.

Don't wait! Ask your druggist for Doan's Pills, used successfully by millions for over 40 years. They give happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.

Letters to the Editor

Youngsville, Pennsylvania.

Letters to the Editors Column of the Warren Times-Mirror.

The whistles and other warning signals for blackouts are not efficient enough. Many people two or three miles out of town cannot hear them. Thus these people could be heavily fined for something that is not entirely their fault.

I suggest that more alarms that could be heard at greater distances be obtained. These should be placed outside of as well as in town so everyone that is involved in the blackout could hear them. Volunteers could have these alarms at their homes and could be told by telephone when to sound them. Air Raid Wardens are too busy stopping cars to go around to houses telling people of the blackout. Each Air Raid Warden should have an alarm to warn these people.
